

Chemical Waste Disposal List

Date Submitted _____

Page 1 of _____

EH&S use only

EH&S Log # _____

Driver _____

DaFIS Account # (seven digits) _____

Department _____

Researcher _____ Contact Person _____

Phone # _____ FAX # _____

Location of Waste: Building _____ Room # _____

Area _____

and Type of Replacement Containers Needed _____

Comments _____

I certify that the information provided on this form is correct. Accurate information reduces risk of injury to EH&S staff and reduces waste disposal costs.

Name _____

Signature _____ Date _____

INSTRUCTIONS:

- 1) Label the waste:
 - Attach the "Hazardous Waste" label to each container. Be sure to fill out the label completely.
- 2) Complete this list:
 - A. For unknowns:
 - In the "Proper Chemical Name" column, list the waste as "Unknown A," "Unknown B," etc. Mark the "Hazardous Waste" label "Unknown A, B," etc.
 - B. For contaminated dry waste:
 - Describe waste in the "Proper Chemical Name" column. Indicate the total weight of the waste in "Container Size." column.
 - C. For mixtures:
 - Write "Mixture" as the "Proper Chemical Name." List each chemical on a separate line on the "Hazardous Waste" label, and indicate the percent content by volume. Copy the item number from this list onto the "Hazardous Waste" label. Attach a copy (copies) of the completed "Hazardous Waste" label(s) with this list.
 - D. For pure chemicals:
 - Write the full chemical name in the "Proper Chemical Name" column. Do not abbreviate, draw structures or give brand names.
 - E. In the "Physical State" column, use the following abbreviations:
 - S= solid, L= liquid.
 - F. In the "Container Size" column indicate the size (capacity) of the container.

3) For pickup:

After completing this list, sign the *certification statement* and send this list to EH&S, attn.: Hazardous Waste or FAX it to 752-2785. Request for hazardous waste pick-up may be made on-line at <http://safetyervices.ucdavis.edu/environmental-health-safety> . Questions? Call 752-1493; or e-mail Hazwaste@ucdavis.edu.

BILLING INFORMATION
EH&S use only

Bulk Liquids:

Fuels _____ gal.

Incinerate (Poisons, etc.) _____ gal.

Formalin _____ gal.

Non-Reactive Lab Packs:

Liquid/Solid _____ lb..

Reactives/Mercury:

Reactive Lab Pack _____ lb.

Hg _____ lb.

Hg _____ lb.

Photowaste:

Photo fixer/developer _____ gal.

Oil:

Waste oil (<1000 ppm Cl) _____ gal.

Cl Waste oil (>1000 ppm Cl) _____ gal.

Medical Waste:

Sharps _____ lb.

Misc.:

Asbestos _____ lb.
