

about the Center for Neuroscience

The Center for Neuroscience is the interdisciplinary hub for neuroscience research and education at UC Davis. We conduct cutting-edge research at all levels of the nervous system, from genes to behavior and through all stages of life. We are committed to training the next generation of scientists and engaging the public in neuroscience research.

Our mission is to reveal how the brain works and to leverage these discoveries to promote health and advance treatments and cures for neurological and psychiatric disorders.

with Gratitude

Membership in the Director's Circle reflects a commitment to and a shared vision for ensuring excellence at the Center for Neuroscience. We are deeply grateful for your investment and partnership.

about the Director's Circle

Every day, the UC Davis Center for Neuroscience's researchers work tirelessly to answer fundamental questions about how the brain works. Our discoveries are uncovering the causes of brain dysfunction, including dementia, age-related hearing loss, traumatic brain injury, schizophrenia, depression, ADHD, and autism spectrum disorder, and providing a foundation for new treatments and therapies for these disorders.

Kimberley McAllister, Ph.D.
Director

By joining the Director's Circle with a gift of \$1,000 or more to the Center for Neuroscience General Support Fund, you will help drive deeper inquiry, fuel innovation and create new and improved opportunities for the Center for Neuroscience's faculty and students. Together, we will break new ground and advance brain science to improve lives.

Your gift supports new opportunities and Director's highest priorities including:

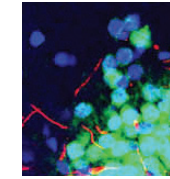

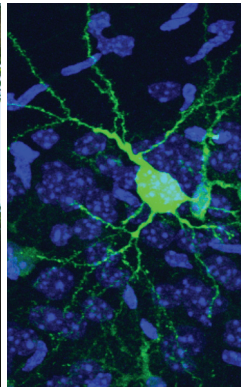

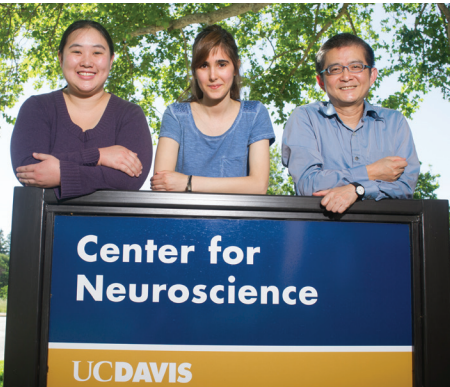

- Innovation grants to promote research across disciplines, develop new technologies, and advance translation of discoveries into products that impact human wellness
- Fellowships and programs enabling innovative learning experiences across labs and scales, and enhancing training across settings, from PhD to the clinic
- Community outreach programs to inform the public's understanding of and approach to brain health and disease

Director's Circle Benefits

Members of the Center for Neuroscience Director's Circle receive special recognition, insider's news and updates, and enjoy the following benefits:

- Access to exclusive Center and select university events and traditions
- Unique opportunities to meet the director and interact with esteemed faculty and visiting scholars
- Pre-registration to the Center's annual NeuroFest, a Brain Awareness Week public seminars and interactive experience

Twice the benefits! Your gift of \$1,000 or more also qualifies you for membership in the UC Davis Chancellor's Club!

YES! I want to join the Director's Circle

with a gift of:

- \$1,000
 \$2,500
 \$5,000
 \$10,000
 \$25,000

I do not wish to join the Director's Circle at this time, but would like to make a gift in the amount of \$_____

Name_____

Spouse/Partner_____

Address_____

City State Zip_____

Phone_____

Email_____

This gift is anonymous

Enclosed is my contribution:

Please charge my:
 MasterCard
 Visa
 Discover
 AMEX

Card Number_____

Expires (MM/YYYY)_____

Name on Card_____

Signature_____

Check made payable to **UC Regents**

Give online at give.ucdavis.edu/Go/CNSDC

My company will match this gift
Please enclose company's matching gift form

Company Name

Please send me information about:

Making a gift of appreciated securities or property

Making a gift to UC Davis through my will or estate

Thank you for your support!
